## PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate with strong hands-on experience in **frontend web development using React.js** and actively learning **Angular**. Experienced in building responsive, user-friendly web applications with clean UI, cross-browser compatibility, and REST API integration. Eager to gain **real-world training under experienced mentors**, contribute to hands-on projects, and expand skills in modern frontend technologies. Strong problem-solving skills, fast learner, and team player seeking a **Software Development Trainingship**.

## TECHNICAL SKILLS

**Languages:** HTML, CSS, JavaScript, Java

**Frontend:** React.js, Angular (learning), Tailwind CSS, Ant UI, Responsive Web Design

**UI/UX:** Cross-browser Compatibility, Basic Accessibility, Performance Optimization (Basic)

**Integration:** REST API Integration

**Tools:** Git, GitHub, Postman, VS Code

**Concepts:** DOM Manipulation, Component-Based UI, State & Props (Basic), SDLC

## PROJECTS

### E-Commerce Web Application (React + Backend API)

- ❖ Developed responsive UI using **React.js** and **Tailwind CSS**
- ❖ Implemented product listing, cart UI, and user interactions
- ❖ Integrated frontend with backend REST APIs using **Spring boot**
- ❖ Ensured cross-browser compatibility

### Job Application Website (React + SpringBoot +PostgresSQL)

- ❖ Developed a job listing website with **three-role-based authentication** (User, Organization, Admin)
- ❖ Implemented secure login and access control to restrict features based on user roles
- ❖ Built responsive and user-friendly UI using **React.js**
- ❖ Integrated frontend with backend REST APIs using Spring boot.

### Frontend Mini Applications (React.js & JavaScript)

- ❖ Developed multiple frontend applications including a **Weather App**, **Movie App**, and a **YouTube Shorts-style video platform (in progress)**
- ❖ Integrated **public REST APIs** to fetch and display dynamic data (weather details, movie listings, etc.)
- ❖ Implemented responsive layouts, reusable React components, and smooth user interactions
- ❖ Focused on clean UI, performance, and mobile-first design principles

## EXPERIENCE & ACTIVITIES

### Participant – Ideathon (Code for Change), Dhangadi

- ❖ Team-based solution design, presentation, and collaboration

### Learner – DataCamp × SSRC Program

- ❖ Actively building programming and technical skills
